

SVEN

LED Wall Sconce with Number Plate

Made-in-USA, damp-location-rated LED wall sconce with a flat metal number plate and braille for identification and wayfinding. The face-mounted plate features 2-3/4" high numbers, while LEDs within the housing provide downward illumination through a clear acrylic bottom lens. Constructed from steel and available in a wide range of powder-coat finishes.

- Flat metal address plate on the face — numbers 2-3/4" high, with braille
- LEDs in the housing face down through a clear acrylic bottom lens
- Durable steel construction
- Damp location rated for interior applications · ETL listed
- Made in USA — specifications can be customized to order
