

GUS

LED Wall Sconce with Illuminated Numbers

Made-in-USA, ADA-compliant flush-mount LED wall sconce with three laser-cut illuminated numbers and braille for identification and wayfinding. Light shines through the number cutouts while a soft perimeter glow provides additional illumination. Constructed from Paintlok steel with a white acrylic lens and available in a wide range of powder-coat finishes.

- ADA compliant — projects just 3" from the wall
- Three laser-cut address numbers with braille, illuminated from within
- Perimeter glow plus light through the number cut-outs
- Paintlok steel body · white acrylic lens
- Damp location rated · ETL listed
- 120/277V · non-dimming
- Made in USA — specifications can be customized to order

Address Panel — Specify with Order

REQUIRED WITH EVERY ORDER

1 Address numbers

☐ Up to 3 digits

Laser-cut and illuminated — write the exact digits, e.g. 128

Made to order — panel text is fabricated to the purchase order and cannot be changed afterward.

2 Typeface

☐ Standard

Standard typeface unless otherwise specified

3 Braille

☐ Included (standard)

☐ Omit

Braille is laser-cut beneath the numbers

STANDARD POWDER COAT FINISHES

The six most-specified finishes are listed in the matrix; every standard color and its code is shown here. Any RAL or custom color: specify CC.
